1. Immersing, immersing yourself in Me and My words you are, bringing My voice to explanations of Me that are so clear, so clear, where I have so clearly specified so many explanations of things that are important to Me—values of My Father and our Kingdom.

2. Oh Ted, publish, publish, publish, email and mail, and never again be hesitant to mail and email and publish far and wide in every language using every source of communication available to you, to you, to the world, to My family and My body.

3. Go, grow, and publish. You have matured much and you walk in Me now and are not subject to the constraints of mammon. You have graduated, and though meager has been your income thus far, meagerly meager, I have abundanced you greatly, for you have not wavered in Me nor the task I have placed before you.

4. You have only focused on Me and sought to please Me and been far more concerned about pleasing Me than your finances, or realm of the visible present.

5. Fall is here, the fall I spoke to you about in 1993 is here. Fall is here. Expand your tent, lengthen your cords, your stakes go deep in Me now, foundationed, significanced, and ready to arise many. Fall is here and you will, you are, you will be and are so glad.

6. Meager no more is your income, nor isolated and lonely are you. Wondering no longer, wondering not only in faith, but wondering no longer are you any longer, about where the next check is coming from, or when and how you will manage and walk out the dynamicness of doing what I have called you to do, in such love and tenderness, while dealing with all the needs before you.

7. I see your tears. I feel your heart. I love you deeply. I love you, I love you. Thank you so much for loving Me Ted. Thank you for putting Me first. Thank you for forsaking all and hating all, compared to Me. You are My disciple and disciples many you will raise and propel and magnanimous will be your name, for all you are doing for My name, My body, My people—you paid, and now you are paid. Exponentialized you are, no longer commensurately-ized. Exponentialized in every area of your life and ministry now comes forth in splendor and grace.

8. Enjoy the rest of your book that I have written, and enjoy our times and tears together, as you soak and re-soak up these truths and let them—Me—permeate you.

Thank you.

9. Publish, email, mail, web utilize at once, and immediately, and finish, completely using the technology you know about and what I bring you through giants of Me.

I love My giants. I love My all.

I love you.

10. Finish, keep writing, publish, declare, proclamate, declarate, start My schools and come forth in the beauty that you now have for the ashes you sat in at my feet, and never complained. I love you, I love you, I love you.

I honor you, thank you for honoring me.

Rejoice for I have given you many gifts, in your relationships present, and relationships coming—now at your door.

Thank you.
Thank you.
Thank you.
